FUN FACTS FOR KIDS

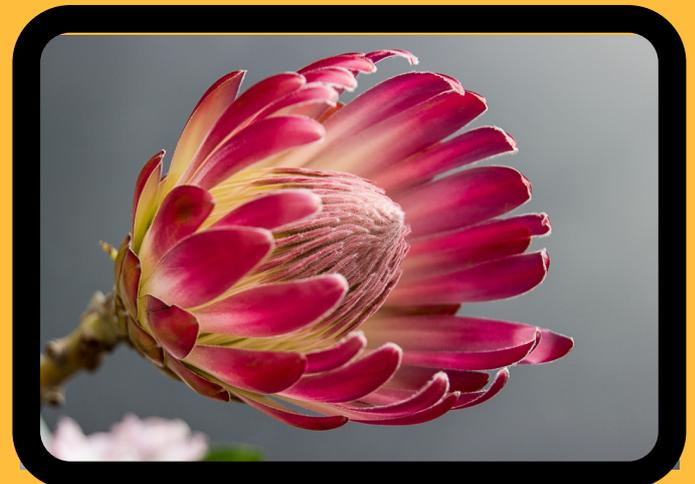

Protea

This month we are sharing facts about different plants.

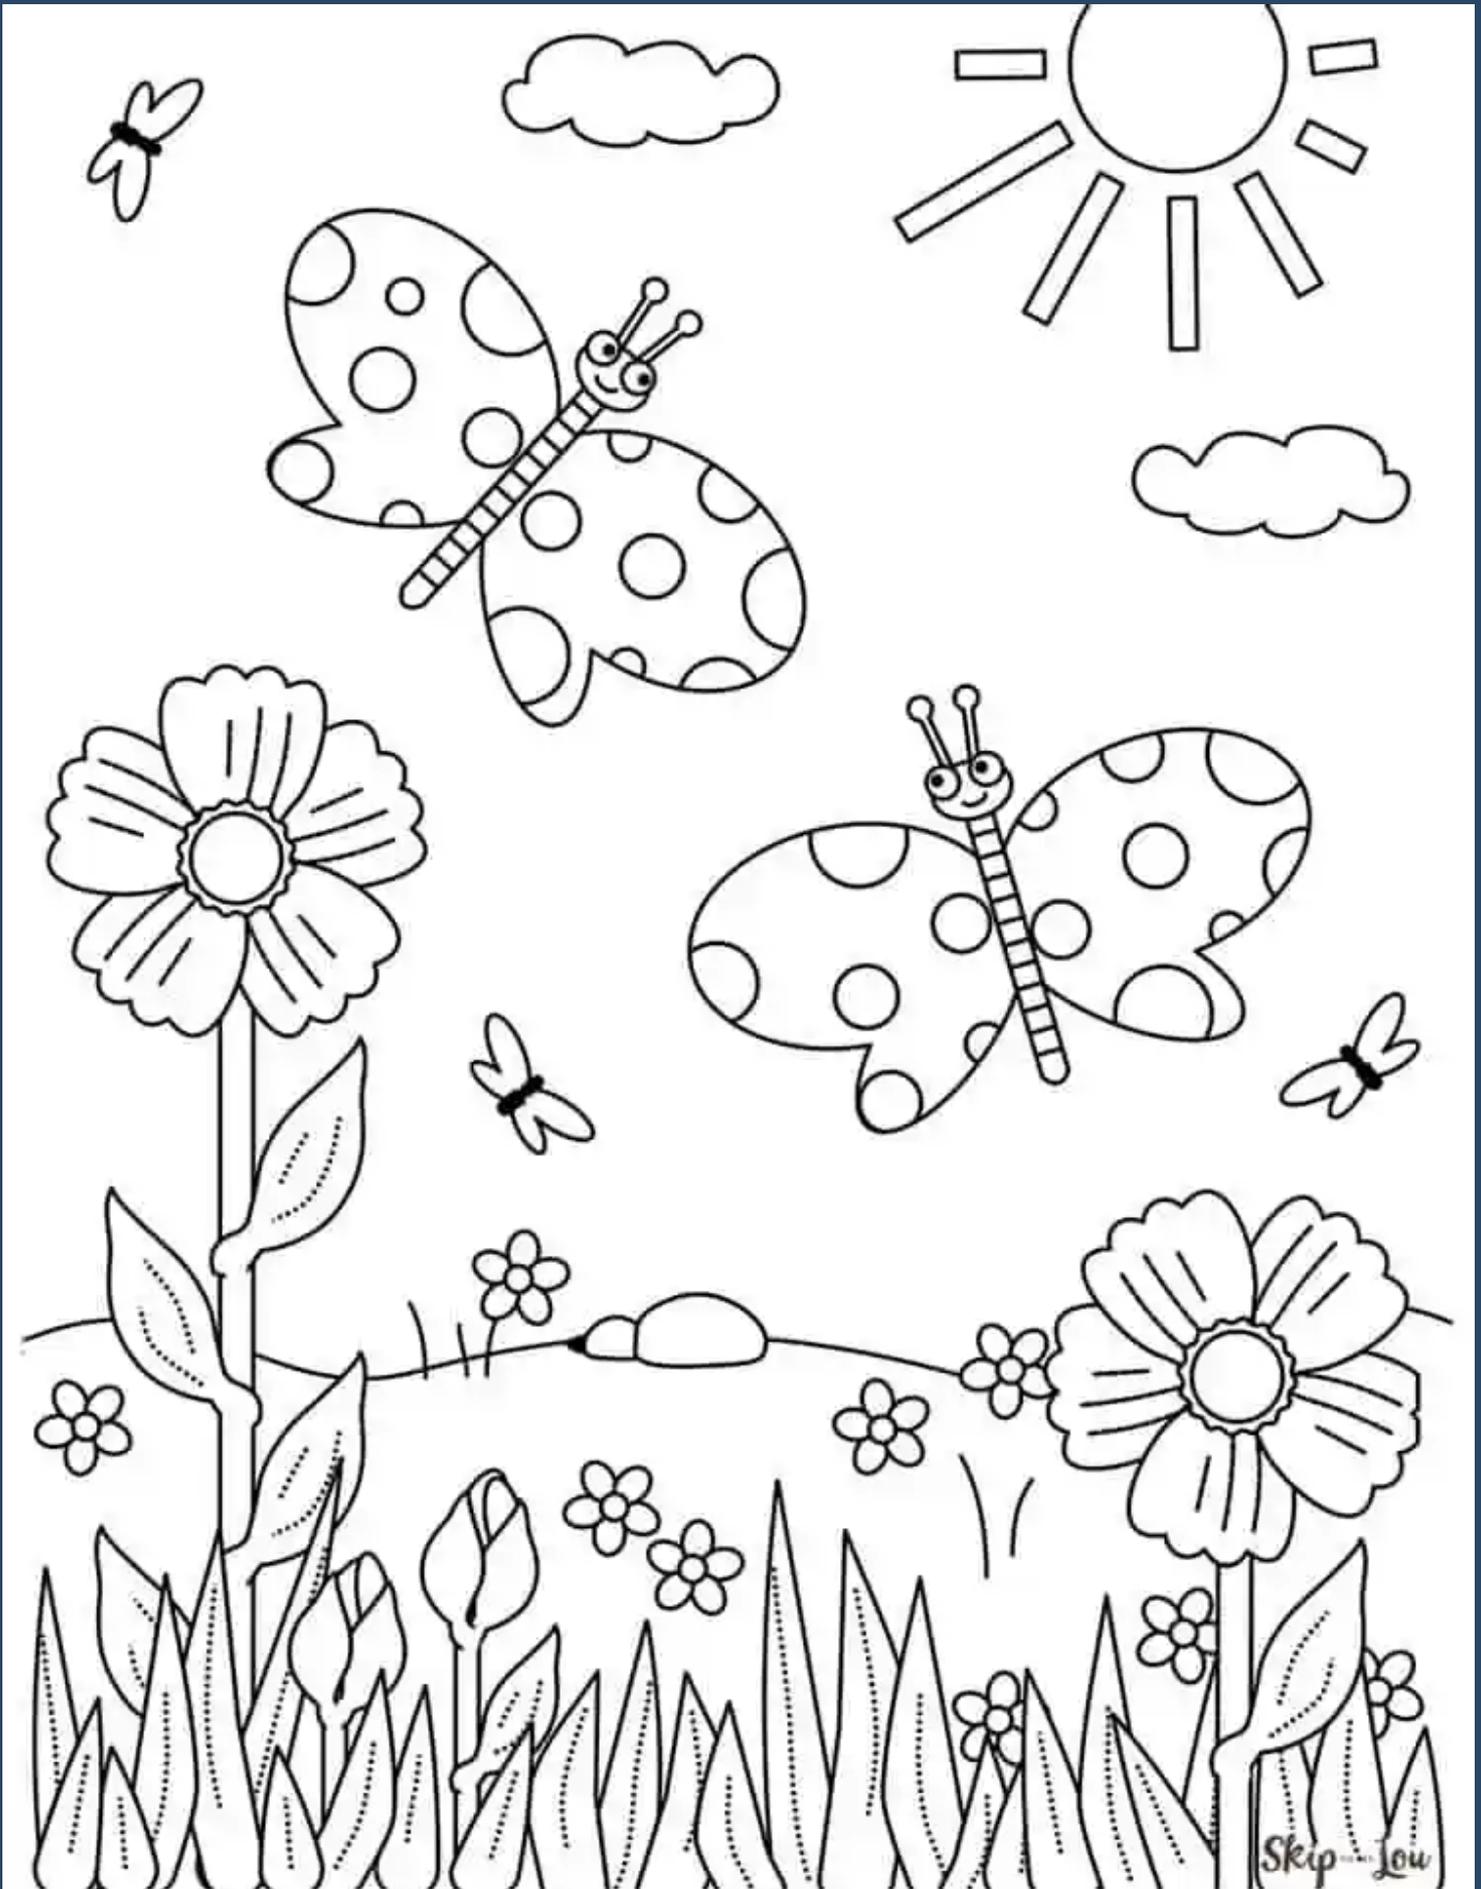

DID YOU KNOW?

- Proteas naturally occur in the Southern Hemisphere
- Although South Africa is associated with proteas more than any other country, Australia has the largest collection of species on the planet—over 850. South Africa comes in at second place, with more than 330 species.
- The king protea took the title of South Africa's national flower in 1976 it is the largest of all proteas and is found in the Cape Floristic region. The flower appears on South African birth certificates and passports, Proteas, South Africa's cricket team, also took its name from the genus.
- Proteas can survive wildfires
